

Understanding Community Consultation for Transport Projects

Australian Institute for Traffic Planning and Management
October 25, 2017

Griff Davis
Manager City Transport

Community Consultation – why bother?

- Time consuming
- How much project pre-work
- Out of Comfort Zone
- Presentation Style – formal/ informal
- Consultation – structured/ unstructured
- Different/ confusing agendas
(community, officers, MPs)
- Venue limitations
- Varied audience

Keep it simple

Chunk it

Provide time to digest

Thankyou
